Description

Take a quick stroll to the beach from this newly renovated property or to the luxurious amenities which are conveniently positioned all around. Its unique location and the façade create a very tranquil setting as there is a limited number of homes within its circular cul-de-sac. The enclosed gardens are well maintained and the lush foliage creates privacy to the property.

The home has such tasteful finishes that well compliment its natural interior. The flow and open feel of this property makes it so warm and inviting as each room has created its own character with beautifully handpicked accents. The covered terrace has been designed to accommodate Al fresco dining or just peaceful, reflective evening solitude. Both air conditioned bedrooms boast of having very practical comfortable spaces and the master has an en suite bathroom, and private entrance.

There is quite a sizable, well ventilated laundry room and storage room off the kitchen that can be easily converted into another bedroom.
