The entrance to the apartment is via a covered entertainment area complete with foosball table and barbecue grill. The front door opens into the main living and dining room area and flows directly onto the lovely east-facing patio and garden which offer amazing views of countryside.

To the right of the living area is a full bathroom which leads to the first bedroom with a/c, built in closets, floor to ceiling glass windows which take advantage of the countryside views.

The air-conditioned master suite is situated up a small flight of stairs and is spacious, bright and breezy with security grills, side-by-side walk-through closets and an en-suite bathroom.

The dining area and the kitchen, which is equipped with fridge, oven, toaster, four-burner ceramic hob and microwave, are situated off the living area and lead into the common laundry area.

There is a shared mini-golf course and a garden area to the front of the property with 2 car parking spaces. The property is completely enclosed with electric gates at the entrance.
